

Baking for Good had another successful year during 2022. As of December, it had net sales of \$9,439 allowing it to provide ongoing support to five area nonprofits, all of which are dedicated to hunger relief in Carteret County. These include Martha's Mission (Morehead City, NC), Meals on Wheels (Beaufort, NC), Hand2Hand (Smyrna, NC), Fives Loaves (Beaufort, NC) and Loaves and Fishes (Beaufort, NC).

As we look forward to the project's fourth year in 2023, we will be focusing on maintaining a high level of engagement with BfG's bakers, packagers and sales volunteers as well as expanding the scope of some of our popular items. For example, this spring, we will be testing new granola recipes in hopes of expanding the options for this popular and shelf-stable offering.

Baking for Good continues to be a pleasure and a gift to those of us who are involved in it. Our passionate delight in food gives us a special appreciation for the importance of our neighbors having increased access to nutritious and sustainable options for themselves and their families.
